Family Support Plan

development of family through foster care ~continued

3 How have you and/or your family managed these challenges? What resources have the family used to assist them through these challenges (training, support group, therapy)?

4 Have you and/or your family applied information gained from the resource(s) to assist you in overcoming the identified challenges? If you are using this new information, how are you using the knowledge/strategy to overcome the identified challenges? If you are NOT using the new information to overcome the identified challenge, what do you believe you need to assist you with overcoming these challenges?

5 During your time as a foster, adoptive or kinship parent, what are the three most challenging behaviors and/or situations for you to parent effectively?
