JAN 28 2014

The Honorable Janice K. Brewer
Governor of Arizona
1700 West Washington
Phoenix, Arizona 85007

Dear Governor Brewer:

Pursuant to Laws 2013, Chapter 1, the Department of Economic Security (DES) is submitting the enclosed monthly financial and program accountability report for Child Protective Services (CPS) for the period of December 2013 which includes data through October 2013. DES shall produce this monthly report through June 2014.

DES would like to express appreciation to the Governor and Legislative leadership for the bipartisan support the Department has received as we continue to work to reform and improve CPS during a time of rapidly increasing caseloads. The Department is implementing process improvements for the entire child protective services continuum, including but not limited to the Protective Services Review Team, Child Abuse Hotline, Investigations, Ongoing units, Adoptions and the Practice Improvement Case Review processes. However, the continuing caseload increases in the CPS system have outpaced the ability of process improvements to alleviate the increasing workload demands placed on case managers.

On average for FY 2013, reports of abuse and neglect increased by nine percent. In FY 2014, reports have continued to decrease and as of October 2013 have decreased by five percent compared to the same months in the prior fiscal year. Although the number of reports have decreased, the number of children in out-of-home care continues to experience an increase of five percent from October 2012 to October 2013. Both the high number of investigations and the increase in the number of children in out-of-home care have driven growth in the CPS workload. The current workload standard is ten investigations per month, or working with 16 children in out-of-home care per month, or working with 19 families in their own homes. In October 2013, CPS workload was 73 percent above the historic standard. Following significant process improvement initiatives, the Department recalculated the caseload standard. The revised workload standard is 13

investigations per month, or working with 20 children in out-of-home care per month, or working with 33 families in their own homes. Using the revised standard, the caseload would be 30 percent above the standard.

The Department remains committed to working with the Governor's Office, members of the Legislature, and other critical partners to address the challenges and issues attendant to all aspects of Arizona's child welfare system.

If you have any questions, please contact me at (602) 542-5757.

Sincerely,

Clarence H. Carter
Director

DEPARTMENT OF ECONOMIC SECURITY
CHILD PROTECTIVE SERVICES ACCOUNTABILITY FACTORS
Child Protective Service Monthly Financial and Program Accountability Report (CPS Report)
December 2013

Pursuant to Laws 2013, Chapter 1, the Department of Economic Security (DES) developed a monthly financial and program accountability report for the Child Protective Services (CPS) with the specified seven measures outlined in Table 1. DES shall produce this monthly report through June 2014.

Table 1

Factors Identified in the Legislation

1. Success in meeting training requirements.
2. Caseloads for child protective service workers.
3. The number of new cases, cases that remain open, and cases that have been closed.
4. The ratio of child protective services workers to immediate supervisors.
5. Employee turnover, including a breakdown of employees who remain with the Department and employees who leave the Department.
6. The source and use of federal monies in child protective services.
7. The source and use of state monies in child protective services.

TRAINING

1. Success in meeting training requirements. The CPS training academy is approximately 22 weeks.

October 2013

Enrolled in CPS training academy beginning of month	231
Newly enrolled during month	29
Exited training during month	(56)
Enrolled in training end of month	<u>204</u>

CPS CASELOADS

2. Caseloads for Child Protective Service workers.

3. The number of new cases, cases that remain open, and cases that have been closed.

Please see page 3a for data collected on these measures for October 2013.

The following are definitions relevant to the “caseloads for Child Protective Service workers” factor:

- Number of Staff Required – The estimated staff (i.e., CPS specialists) required for investigations, in-home and out-of-home cases by region based on Arizona staffing standards. The total estimated staff required is then compared to the total number of authorized staff to determine the staffing need.
- Reports for Investigation – This represents the number of reports received by the Hotline to be investigated by CPS in the month. Units for this measure are defined as reports.
- In-Home Cases – This represents the number of cases where no children involved in the case have been removed from the home, but CPS is involved with the family and providing some service. Units for this measure are defined as cases.
- Out-of-Home Children – This represents the number of children placed in the custody of the Department who require placement in a foster care setting. Units for this measure are defined as children.

The following are definitions relevant to the “the number of new cases, cases that remain open, and cases that have been closed” factor:

- Number of New In-Home Cases – This measure displays the number of in-home cases that were opened in the report month.
- Number of Continuing In-Home Cases – This measure displays the number of in-home cases that remained open from the prior report month.
- Number of Closed In-Home Cases – This measure displays the number of in-home cases from the prior month that were closed.
- Number of New Out-Of-Home Children – This measure displays the number of children that entered care in the report month.
- Number of Continuing Out-of-Home Children – This measure displays the number of children that remained in care from the prior report month.
- Number of Children Leaving Care – This measure displays the number of children who left the custody of the Department from the prior month.
- Cases Identified as Non-Active – These are cases that had no case notes or service authorizations for 60 days or more. These cases are excluded from the case counts in the above measures. These cases may be ready for closure; however, required final documentation has not been entered.

1/ Staffing provided by region for informational purposes only. Staffing is not appropriated at the regional level; rather, the Division manages staffing based on geographical need and caseload levels.

2/ Represents cases that have no documentation entered into the child welfare automated system (CHILDS) or have any service authorizations for 60 days or more. These cases may be ready for closure; however, required final documentation has not been entered.

3/ Number of Staff Required based on the following revised caseload standards: a workload per case manager of 13 investigations, 33 in-home cases, or 20 out-of-home children.

4/ Excludes staff in training.

5/ Staff allocation based on the time study of investigations, in-home and out-of-home case management activities for the month of October 2013.

NOTE: Investigative caseload data as of December 7, 2013. In-home data as of November 15, 2013. Out-of-home data as of December 21, 2013.

EMPLOYEE RATIOS AND TURNOVER

- 4. The ratio of child protective services workers to immediate supervisors.**
- 5. Employee turnover, including a breakdown of employees who remain with the Department and employees who leave the Department.**

Please see pages 4a - 4b for data collected on these measures for October 2013.

The following are definitions relevant to the employee ratio and turnover factors:

- Authorized – The number of authorized FTEs for the region. Authorized FTEs are those received through appropriation and their matching federal or other fund share. In addition, the Department continues to assess the duties of classifications with similar job functions which may adjust the authorized FTE in the future.
- Filled – The number of staff who are placed in the authorized positions.
- Vacant – The number of vacant positions (calculated by subtracting the filled positions from the authorized positions).
- Training – The number of staff who are in the training institute to fill the vacant positions.
- New Hires to State – Number of staff hired who did not come from another state agency or from within DES.
- Transferred from Another DCYF Region – Number of staff hired in the report region that transferred from another DCYF region.
- Transferred from Another State Agency – An employee who was employed by another agency is hired by DCYF (e.g., a Division of Behavioral Health Services employee is hired as a CPS specialist or CPS unit supervisor).
- Promotion from Within DCYF – An employee who was previously in another DCYF position that promoted to a CPS specialist (e.g., a CPS case aide who attained a Bachelor's degree and now qualifies for a CPS specialist position).
- Promotion from Within DES – These are new hires to DCYF that came from elsewhere within DES.
- Separation from State Service – An employee who has left employment with the State of Arizona.
- Transferred Outside DES – The employee has left DES employment, but is still employed by the State of Arizona (e.g., the employee may have left to work at the Department of Health Services).
- Transferred Outside DCYF – Continued Employment with DES – The employee has left DCYF but went to work for another Division within DES.
- Transferred to Another DCYF Region – Same as a Transferred from Another DCYF Region.
- Promotion Within DCYF – An employee who was previously in a CPS specialist position that promoted to a CPS unit supervisor or another DCYF position.
- Other – An employee who takes a voluntary demotion or some other occurrence (e.g., the employee is a CPS program specialist, but decides to go back to being a CPS specialist).
- Retention Rate – Calculated by taking the total filled positions (including those in training) less the positions leaving DCYF and dividing that number by the total filled (including training).
