**5. Actions taken by the Department in response to the case including any changes to policy or practice and/or recommendations for further changes in policies, practices, rules or statutes:**

The Department conducted a joint investigation with the Mohave County Sheriff's Office. Upon release from the hospital, the near fatality victim was placed in a foster home. The Department filed a dependency petition with the Mohave County Superior Court. On August 2, 2023, the court found that the parents, Amberleah Valentine and Jon Imes, neglected and/or failed to protect the child and her sibling from abuse. Parental rights to the near fatality victim have been terminated. There were no subsequent reports of abuse or neglect received regarding the family.

Additionally, in accordance with the DCS Strategic Plan for State Fiscal Year 2016 (FY16), multidisciplinary team (MDT) reviews of fatality and near fatality cases were implemented during the first quarter of FY16. The MDT reviews fatality and near fatality cases with prior DCS involvement, which are a key feature of the Strategic Plan and supports the objective of increasing the accuracy of safety and risk assessments in investigations.

Cases are reviewed by the MDT in order to identify any systemic factors, both internal and external to the Department that may have had an impact. The Department uses the aggregate data gathered through all of the MDT reviews to assess and guide future changes and/or recommendations to policies, practices, rules or statutes. Findings from these

reviews are compiled into an annual report to be shared on the DCS website. The target date for release of the next report is December 1, 2023.
