Summary Report	Near Fatality	01/17/2025

1. Victim: 9-month-old female

2. Was the child residing in the child's home or in an out-of-home placement at the time of the near fatality?

The child was residing in her home when the following incident occurred:

> On November 9, 2022, the Department of Child Safety received a report regarding a 9-month-old child who was taken to the hospital after being found unresponsive at home. Upon examination, the child was determined to be in critical condition. The child was in the care of her mother, Elizabeth Marie Dorney, when she nearly drowned after being unsupervised in the bathtub. On January 10, 2025, the Department substantiated the allegation of the neglect to the near fatality victim by her mother, Elizabeth Marie Dorney.

3. If the victim in the Preliminary Report involved a child residing in the child's home, the following information will be provided:

a. Services being provided to the child, a member of the child's family or the person suspected of the abuse or neglect at the time of the incident and the date of the last contact before the incident between the entity providing services and the person receiving services:

There were no services being provided to the family by the Department of Child Safety at the time of the incident.

b. Was the child, a member of the child's family or the person suspected of the abuse or neglect the subject of a report for investigation at the time of the incident?

No.

c. All involvement of the child's parents and of the person suspected of the abuse or neglect in a situation for which a report for investigation was made or in services provided pursuant to this chapter in the five years preceding the incident:

There were no prior DCS reports involving the mother, Elizabeth Marie Dorney, the child's father, or the near fatality victim.

d. Any investigation pursuant to a report for investigation concerning the child, a member of the child's family or the person suspected of the abuse or neglect or services provided to the child or the child's family since the date of the incident involving the near fatality:

P.O. Box 6030 ♦ Site Code C010-23 ♦ Phoenix, AZ 85005-6030

The investigation of the near fatality report resulted in the Department substantiating the allegation of the neglect by Elizabeth Marie Dorney to the near fatality victim on January 10, 2025. Following an assessment of child safety, the near fatality victim and her siblings were assessed as safe. The family was referred to in-home services and the case was closed on June 2, 2023. There were no subsequent reports of abuse or neglect received regarding the family.

4. If the victim in the Preliminary Report involved a child residing in an out-of-home placement, the following information will be provided:

a. Licensing Agency:

N/A

b. Licensing history of the out-of-home placement, including the type of license held by the operator of the placement and the period for which the placement has been licensed:

N/A

c. Summary of all violations by the licensee:

N/A

d. Any other actions by the licensee or an employee of the licensee that constitute a substantial failure to protect and promote the health, safety and welfare of a child.

N/A

5. Actions taken by the Department in response to the case including any changes to policy or practice and/or recommendations for further changes in policies, practices, rules or statutes:

The Department conducted a joint investigation with the Goodyear Police Department. Following an assessment of child safety, the near fatality victim and her siblings were assessed as safe. The family was referred to in-home services and the case was closed on June 2, 2023. On January 10, 2025, the Department substantiated the allegation of the neglect to the near fatality victim by her mother, Elizabeth Marie Dorney.

The Department reminds all caregivers to always watch children around water. For information and additional resources, please visit the Arizona Department of Health Services website at:

Additionally, in accordance with the DCS Strategic Plan for State Fiscal Year 2016 (FY16), multidisciplinary team (MDT) reviews of fatality and near fatality cases were implemented during the first quarter of FY16. The MDT reviews fatality and near fatality cases with prior DCS involvement, which are a key feature of the Strategic Plan and supports the objective of increasing the accuracy of safety and risk assessments in investigations.

Cases are reviewed by the MDT in order to identify any systemic factors, both internal and external to the Department that may have had an impact. The Department uses the aggregate data gathered through all of the MDT reviews to assess and guide future changes and/or recommendations to policies, practices, rules or statutes. Findings from these reviews are compiled into an annual report to be shared on the DCS website. The target date for release of the next report is December 1, 2025.
