RE: DRUG RECALL NOTICE – RANITIDINE SYRUP

Dear Caregiver,

Our records show that you may have recently filled a prescription for the medication or product below. Here are details about the recall:

Name of recalled medication or product:	Ranitidine Syrup
Date of recall:	10/25/19
Recalled by:	Lannett
Reason for recall:	Some bottles of ranitidine syrup were recalled because of purity issues.

What should you do if you have received the recalled medication or product?

Check with your pharmacy to find out if you received the recalled medication or product. You may also check your prescription against the table on the following page to find out if you received the recalled medication or product. If the label on your prescription does not show the NDC or lot number, please contact your pharmacy to find out if you received the recalled medication or product.

Please talk to your healthcare provider about your therapy. If you have the recalled medication or product, your pharmacy may be able to give you a safe replacement.

If you are not able to obtain a replacement for your current ranitidine prescription from your pharmacy, please alert your healthcare provider to discuss the alternative treatment options.

Questions?

Drug Recall Notice – Ranitidine Syrup

Page 2

If you have health concerns or questions about using ranitidine, talk with your healthcare provider. Or you can call Lannett at 1-844-834-0530 (9:00 am – 5:00 pm EST, Monday through Friday) for more information.

Sincerely,
CMDP
